1   Introduction

1.1   Wigston Academies Trust fully recognises the contribution it can make to protect and support students in the Trust. The aim of the policy is to safeguard and promote our students' welfare, safety and health by fostering an honest, open, caring and supportive environment. We encourage young people to talk about their worries and to report their concerns to us. The students' welfare is of paramount importance.

1.2   This policy is based on the Department for Education's statutory guidance [Keeping Children Safe in Education (2021)](#) and [Working Together to Safeguard Children (2018)](#), and the [Governance Handbook](#). We comply with this guidance and the arrangements agreed and published by our three local safeguarding partners.

This policy is also based on the following legislation:

- Part 3 of the schedule to the [Education (Independent School Standards) Regulations 2014](#), which places a duty on academies and independent schools to safeguard and promote the welfare of students at the school

- [The Children Act 1989](#) (and [2004 amendment](#)), which provides a framework for the care and protection of children

- Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the [Serious Crime Act 2015](#), which places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18

- [Statutory guidance on FGM](#), which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM

- [The Rehabilitation of Offenders Act 1974](#), which outlines when people with criminal convictions can work with children

- Schedule 4 of the [Safeguarding Vulnerable Groups Act 2006](#), which defines what 'regulated activity' is in relation to children

- [Statutory guidance on the Prevent duty](#), which explains schools' duties under the Counter-Terrorism and Security Act 2015 with respect to protecting people from the risk of radicalisation and extremism

- the Leicestershire and Rutland Safeguarding Children Partnership - Multi-Agency Safeguarding Arrangements

- the Leicester Safeguarding Children Partnership Board – Multi-Agency Safeguarding Arrangements

This policy also complies with our funding agreement and articles of association.

1.3   Equality statement

Some students have an increased risk of abuse, and additional barriers can exist for some students with respect to recognising or disclosing it. We are committed to anti-discriminatory practice and recognise student's diverse circumstances. We ensure that all students have the same protection, regardless of any barriers they may face.

We give special consideration to students who:

- have special educational needs (SEN) or disabilities or health conditions
- are young carers
- may experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- have English as an additional language
- are known to be living in difficult situations – for example, temporary accommodation or where there are issues such as substance abuse or domestic violence
- are at risk of FGM, sexual exploitation, forced marriage, or radicalisation
- are asylum seekers
- are at risk due to either their own or a family member's mental health needs
- are looked after or previously looked after
- are missing from education
- whose parent/carer has expressed an intention to remove them from college to be home educated.

1.4   There are four main elements to our Safeguarding / Child Protection Policy:

- **Prevention** (e.g. positive college atmosphere, teaching and pastoral support to students, safer recruitment procedures);

- **Protection** (by following agreed procedures, ensuring staff are trained and supported to respond appropriately and sensitively to Child Protection concerns);

- **Support** (to students and college staff and to students who may have been harmed or abused);

- **Working with parents** (to ensure appropriate communications and actions are undertaken).

1.5   Safeguarding and child protection is **everyone's** responsibility. This policy applies to all staff, volunteers and trustees in who work within and for the Trust and is consistent with the procedures of the three safeguarding partners: Children's Social Care, the Police and Health Services. We will ensure that all parents and other working partners are aware of our child protection policy by referring to it in relevant media, displaying appropriate information in our reception and by raising awareness at meetings with parents as appropriate.

1.6   **Extended school activities**
Where the Trust provides services or activities directly under the supervision or management of our own staff, the college's arrangements for child protection will apply. Where services or activities are provided separately by another body, the Trustees will seek assurance in writing that the body concerned has appropriate policies and procedures in place to safeguard and protect young people (inspecting these where needed) and that there are arrangements to liaise with the college on these matters where appropriate. Safeguarding requirements will be included in any

lease or hire agreement as a condition of use; and any failure to comply will lead to termination of the agreement.

2   Safeguarding Commitment

2.1   For the purposes of this policy, safeguarding and promoting the welfare of students is defined as:

- protecting students from maltreatment;
- preventing impairment of student's mental and physical health or development;
- ensuring that students grow up in circumstances consistent with the provision of safe and effective care; and
- taking action to enable all students to have the best outcomes.

2.2   The Trust adopts an open and accepting attitude towards students as part of its responsibility for pastoral care. Staff encourage students and parents to feel free to talk about any concerns and to see college as a safe place when there are difficulties. Student's worries and fears will be taken seriously and students are encouraged to seek help from members of staff.

2.3   Our Trust will therefore:

- Establish and maintain an ethos where students feel secure and are encouraged to talk, and are listened to;

- Ensure that student's wishes and feelings are taken into account when determining what actions to take and services to provide and that they are able to express their views and give feedback. We will always seek to act in the best interests of students.

- Ensure that students know that there are adults in the Trust whom they can approach if they are worried or are in difficulty;

- Include in the curriculum activities and opportunities for PSHE / Citizenship / Relationships Education, Relationships and Sex Education and Health Education which equip students with the skills they need to stay safe from abuse (including online and other contexts students are in), and to know to whom they can turn for help including use of 'Speak Out', our confidential service where students can share concerns via email or our internal post boxes.

- Ensure every effort is made to establish effective working relationships with parents and colleagues from other agencies;

- Operate safer recruitment procedures and make sure that all appropriate checks are carried out and recorded on the single central record for new staff and volunteers who will work with students, including identity, right to work, enhanced DBS criminal record and barred list (and overseas where needed), references, and prohibition from teaching or managing in schools (s.128) etc (see Keeping children safe in education part 3).

2.4   **Safeguarding in the Curriculum**

Young people are taught about safeguarding in the College. The following areas are among those addressed in PSHE and Relationships Education, Relationships and Sex Education and Health Education and in the wider curriculum:-

- Drugs, alcohol and substance misuse (including awareness of County Lines and the Criminal Exploitation of children where appropriate)
- Online safety
- Sexual Harassment & Violence
- The danger of meeting up with strangers
- Road safety
- Domestic Abuse
- Healthy Relationships / Consent
- (so called) Honour Based Abuse issues e.g. forced marriage, Female Genital Mutilation (FGM) (see Appendix 6)
- Sexual exploitation of children (CSE) including online
- Child criminal exploitation (including cybercrime)
- Preventing Extremism and Radicalisation (see Appendices 4 and 5)

3   Roles and Responsibilities

3.1   General

All adults working with or on behalf of students have a responsibility to safeguard and promote their welfare. This includes a responsibility to be alert to possible abuse and to record and report concerns to staff identified with child protection responsibilities within the Trust.

The names of the Designated Safeguarding Lead and Deputy Designated Safeguarding Leads for the current year are listed at the start of this document.

3.2   **Board of Trustees**

In accordance with the statutory guidance "Keeping children safe in education" 2021, the trustees will ensure that:-

- The College has its own child protection/safeguarding policy, procedures and training in place which are effective and comply with the law at all times.The policy is made available publicly.

- The Trust operates safer recruitment practices, including appropriate use of references and checks on new staff and volunteers. Furthermore, the Executive Headteacher, Headteacher, nominated trustees and other staff involved in the recruitment process have undertaken Safer Recruitment Training.

- There are procedures for dealing with safeguarding concerns (including lower level concerns) and allegations of abuse against members of staff and volunteers (see Appendix 2).

- There is a senior member of the Trust's leadership team who is designated to take lead responsibility for dealing with child protection (the "Designated Safeguarding Lead") and

there is always cover for this role with appropriate arrangements for before/after school and out of term time activities.

- The Designated Safeguarding Lead undertakes effective Local Authority training (in addition to basic child protection training) and this is refreshed every two years. In addition to this formal training, their knowledge and skills are updated at regular intervals (at least annually) using safeguarding briefings and other sources of information.

- The Headteacher, and all other staff and volunteers who work with students (including early years practitioners within any settings on the Trust site), undertake appropriate training which is regularly updated at least annually, (and more comprehensively, every three years in compliance with the Safeguarding Children Partnership protocol); and new staff and volunteers who work with students are made aware of the Trust's arrangements for child protection and their responsibilities (including this policy, Part 1 of Keeping Children Safe in Education (or the condensed version if appropriate), the student behaviour policy, the staff behaviour code of conduct, the role of the Designated Safeguarding Lead and how to respond to students who go missing from education. The Local Authority Induction leaflet, ("Safeguarding in Education Induction – Child Protection Information, Safer Working Practice") will be used as part of this induction and Annex B from "Keeping children safe in education" 2021 is provided to all staff working directly with students.

- Any deficiencies or weaknesses brought to the attention of the Governing Body will be rectified without delay.

- The Chair of Trustees (or, in the absence of a Chair, the Vice Chair) deals with any safeguarding concerns or allegations of abuse made against the Executive Headteacher, in liaison with the Local Authority Allegations Manager (LADO).

- Effective policies and procedures are in place and updated annually including a behaviour "code of conduct" for staff and volunteers - "Guidance for Safer Working Practice for those who work with children in education settings May 2019" (supplemented where necessary by the COVID-19 Addendum April 2020). Information is provided to the Local Authority (acting on behalf of the Safeguarding Children Partnership) through the Safeguarding Annual Return.

- There is an individual member of the trustees who will champion issues to do with safeguarding students and child protection within the Trust, liaise with the Designated Safeguarding Lead, and provide information and compliance/monitoring reports to the Board of Trustees.

- The trustees contribute to inter-agency working in line with statutory guidance "Working Together to Safeguard Children" 2018 including providing a co-ordinated offer of Early Help for children who require this. This Early Help may be offered directly through school provision or via referral to an external support agency. Safeguarding arrangements take into account the procedures and practice of the local authority and the Leicestershire and Rutland Safeguarding Children Partnership, and Leicester City's Safeguarding Children Partnership Board.

3.3   **Headteacher**

The Headteacher of the Trust will ensure that:

- The policies and procedures adopted by the Governing Body are effectively implemented and followed by all staff;

- This policy is communicated to parents/carers when their child joins the Trust and via the College website

- Sufficient resources and time are allocated to enable the Designated Safeguarding Lead and other staff to discharge their responsibilities, including taking part in strategy discussions and other inter-agency meetings, and contributing to the assessment of students;

- Allegations of abuse or concerns that a member of staff or adult working at the Trust may pose a risk of harm to students or young people are notified to the Local Authority Designated Officer, where the threshold is met. They will act as the 'case manager' in the event of an allegation of abuse made against another member of staff or volunteer.

- All staff and volunteers feel able to raise concerns about poor or unsafe practice in regard to students, and such concerns are addressed sensitively and effectively in a timely manner. The NSPCC whistle blowing helpline number is also available (0800 028 0285).

- All staff are made aware that they have an individual responsibility to pass on safeguarding concerns and that if all else fails to report these directly to Children's Social Care (Children and Family Specialist Services) or the Police.

3.4   **Designated Safeguarding Lead**

The DSL is a member of the senior leadership team. Our DSL is Natasha Box, Assistant Headteacher. The DSL takes lead responsibility for child protection and wider safeguarding in the Trust.

During term time, the DSL will be available during college hours for staff to discuss any safeguarding concerns. Out of college hours, the Trust DSL, Mark Billingham, can be contacted by email using mbillingham@wigstonmat.org or by phone on 07740862743.

When the DSL is absent, Rebecca Rose (Deputy Senior DSL) will act as cover.

If the DSL and DSDSL are not available, Mark Billingham (Deputy Headteacher) will act as cover.

The Designated Safeguarding Lead (or a Deputy) will always be available for staff to discuss any safeguarding concerns. The responsibilities of the DSL are found in Annex C of "Keeping children safe in education". The DSL is a senior member of staff on the senior leadership team and the role is explicit in their job description. Responsibilities include:

- **Managing referrals** – to the local authority Children's Social Care, to the Channel programme, to the Disclosure and Barring Service for staff dismissed for safeguarding concerns (as required), to the Police where a crime may have been committed
- **Working with others** – to act as a source of support and advice, to act as a point of contact for the safeguarding partners, to liaise with the Headteacher about issues especially to do with ongoing enquiries under section 47 of the Children Act 1989 and police investigations, to liaise with staff when deciding to make a referral to relevant agencies so that student's needs are considered holistically, to liaise with the senior mental health lead, to promote supportive engagement with parents and carers, to take the lead in promoting educational outcomes for students in need and those with a social worker, to liaise with the Board of Trustees and the Local Authority on any deficiencies brought to the attention of the Board of Trustees and how these should be rectified without delay
- **Information sharing and managing safeguarding files** – keeping files confidential, secure and up to date, in a separate file for each young person, including a clear and comprehensive summary, detailing how the concern was followed up and resolved, with a note of actions, decisions and the outcome, sharing information as required to safeguard students and transferring records and other relevant information to the new school within 5 days or in advance if necessary
- **Raising Awareness** – ensuring each member of staff and volunteer understands the child protection policy which is reviewed at least annually, making it available publicly, ensuring staff have access to relevant training and induction, promotoing educational outcomes by sharing relevant information about vulnerable students.
- **Training, knowledge and skills** – to undergo DSL training every two years (updating at least annually via bulletins and other relevant sources) and to attend Prevent awareness training, in order to understand assessment and referral processes, to contribute effectively to child protection conferences including the importance of sharing information, to understand the lasting impact that adversity and trauma can have on students and how to respond to this, to be alert to students with specific needs eg SEND, those with health conditions and young carers, to understand the unique risks associated with online safety
- **Providing support to staff** – to help them feel confident on welfare, safeguarding and child protection matters, to provide support in the referral process if required and to help them to understand that safeguarding and educational outcomes are linked
- **Understanding the views of students** – encouraging a culture of listening to students and taking account of their wishes and feelings in the measures taken to protect them, and understanding the difficulties students may have in approaching staff about their circumstances
- **Holding and sharing information** – sharing with safeguarding partners, other agencies and professionals and transferring records between schools and colleges in accordance with data protection legislation, keeping detailed, accurate and secure written records and understanding the purpose of this.

4   Records, Monitoring and Transfer

4.1   Well-kept records are essential to good child protection practice. All staff are clear about the need to record and report concerns about a student or students within the Trust. Records of concerns should be written down, signed and dated and passed immediately to the Designated Safeguarding Lead (or a Deputy). Concerns should not be emailed as they may not be seen in time. The

Designated Safeguarding Lead is responsible for such records and for deciding at what point these records should be shared with other agencies (in accordance with the Data Protection Act 2018 and GDPR principles).

4.2   Records relating to actual or alleged abuse or neglect are stored apart from normal student or staff records. Normal records sometimes have markers to show that there is sensitive material stored elsewhere. This is to protect individuals from accidental access to sensitive material by those who do not need to know.

4.3   Child protection records are stored securely online using CPOMS and in a locked office, with access confined to specific staff i.e. the Designated Safeguarding Lead (and relevant deputies) and the Headteacher.

4.4   Child protection records are reviewed regularly to check whether any action or updating is needed. This includes monitoring patterns of complaints or concerns about any individuals and ensuring these are acted upon. A case file chronology, summarising case activity and significant events in the young person's life, helps to enable effective monitoring. Any actions taken are clearly indicated.

4.5   When students transfer school their safeguarding records are also transferred within 5 days of them starting. Safeguarding records will be transferred separately from other records and best practice is to pass these directly to a Designated Safeguarding Lead in the receiving school or college with any necessary discussion or explanation and to obtain a signed and dated record of the transfer. Where a young person needs specific ongoing support, relevant information will be transferred prior to the child arriving at their new school. In the event of a young person moving out of area and a physical handover not being possible then the most secure method should be found to send the confidential records to a named Designated Safeguarding Lead and a photocopy kept until receipt is confirmed. Files requested by other agencies e.g. Police, are copied and sent securely.

5   Support to students and Trust staff

5.1   **Support to students (including those about whom there are mental health concerns)** Our Trust recognises that students who are abused or who witness violence may find it difficult to develop a sense of self-worth and view their lives in a positive way and that this is likely to adversely impact their mental health and emotional well-being. Students may be vulnerable because, for instance, they have an allocated social worker, have a disability, are in care, a care-leaver or previously looked after, or are experiencing some form of neglect. It is therefore important that staff recognise that mental health concerns can, in some cases, be an indicator that a young person has suffered or is at risk of suffering abuse, neglect or exploitation. Staff are well placed to observe students day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one. Where students have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood. For such students school may be one of the few stable, secure and predictable components of their lives. If staff have a mental health concern about a child that is also a safeguarding concern, immediate action will be taken, following this policy and speaking to the DSL or Deputy DSL. Our Trust seeks to remove any barriers that may exist in being able to recognise abuse or neglect in students with

Special Educational Needs, disabilities or physical health issues. We will seek to provide such students with the necessary support to build their self-esteem and confidence, helping them to secure the very best educational outcomes they are able to achieve. The context in which safeguarding incidents and/or behaviours occur, whether in school or within or outside the home (including online), will be considered by staff, particularly the DSL and Deputy DSLs. Any associated threats or risks will be included in assessments and relevant information included in referrals to Children's Social Care. General indicators of abuse and neglect (from Part 1 of the statutory guidance) are also included in Appendix 7 of this policy and further information about specific forms of abuse are contained within Appendix B of the statutory guidance, "Keeping Children Safe in Education".

5.2   **Peer on peer abuse** - We recognise that young people sometimes display harmful behaviour themselves and that even if there are no reports, it may still be happening. Incidents or allegations will be referred on for appropriate support and intervention. Such abuse is unacceptable and will not be tolerated at all or passed off as "banter", "just having a laugh" or "part of growing up". This abuse could for example include sexual violence and sexual harassment, "upskirting", initiation/hazing type violence, all forms of bullying, abuse in intimate relationships between peers, consensual and non-consensual sharing of indecent images, causing someone to engage in sexual activity without consent and physical violence (e.g. hitting, kicking, shaking, biting, hair pulling, etc). This may be experienced by both boys and girls, however, girls are more likely to be the victims and boys perpetrators. There are separate policies which detail the College's procedures to address and minimise these concerns including;
1. Student Behaviour Policy
2. Anti-bullying Policy
3. E-safety/Online safety Policy
4. "Guidance for schools working with children who display harmful sexual behaviour" (Leicestershire LA Guidance)
5. DfE guidance "Sexual violence and sexual harassment between children in schools and colleges" and Part 5 of "Keeping children safe in education".

Young people will be encouraged to report to a trusted adult in college all incidents of peer on peer abuse wherever it may have happened and will be taught about alternative ways of doing this both in college and elsewhere ie. post-box, dedicated email. They will always be taken seriously and never given the impression that they are creating a problem by reporting their concern or made to feel ashamed. Where an incident has occurred or specific risks are identified, the details will be added to a safeguarding or behaviour record for the young people concerned and a thorough investigation conducted by the DSL. A written risk assessment will be undertaken by the DSL in order to minimise the risk of further harm and to ensure the safety of all staff and students. Parents or carers of the young people involved will be informed as soon as it is appropriate to do so. Support plans will be written and help offered, by different adults in the Trust (to avoid a possible conflict of interest), to the alleged victim, the child or young person accused and any other young people involved. A referral to any relevant outside agency will be made eg Police or Social Care. Detailed procedures are included in the linked College policies listed above.

The following steps will be taken to minimise the risk of peer on peer abuse:
• Staff training to ensure an understanding of what it is and how to recognise signs

- Promotion of a supportive environment by teaching about acceptable and unacceptable behaviours (including online) in both assemblies and the wider curriculum e.g. PSHCE and Global Citizenship.
- Clear procedures put in place to govern the use of mobile phones in school
- Appropriate staff supervision of students and identifying locations around the Trust's site that are less visible and may present more risk to students.

5.3.1 **Online safety** – We recognise that technology is a significant component in many safeguarding and wellbeing issues and that young people are at risk of abuse online as well as face to face. Some young people may use mobile and smart technology, whilst at college and outside of college, to sexually harass their peers, share indecent images (consensually and non-consensually) and view and share pornography and other harmful content. Many students have unrestricted access to the internet via their mobile phones and our online safety policy describes the rules governing their use in college. It also sets out the Trust's response to incidents which may involve one or more of the four areas of risk:

Content – being exposed to illegal, inappropriate or harmful content, such as pornography, fake news, racism, misogyny, self-harm, suicide, anti-Semitism, radicalisation and extremism.
Contact – being subjected to harmful online interaction with other users, such as peer-to-peer pressure, commercial advertising and adults posing as students or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes.
Conduct – personal online behaviour that increases the likelihood of, or causes, harm, such as making, sending and receiving explicit images (e.g. consensual and non-consensual sharing of nudes and semi-nudes and/or pornography), sharing other explicit images and online bullying.
Commerce – risks such as online gambling, inappropriate advertising, phishing and/or financial scams.

5.3.2 Online safety is a consideration running through the planning and implementation of all relevant policies and procedures. Staff will always respond if informed that students have been involved in sharing indecent images. The DfE guidance "Sharing nudes and semi-nudes: advice for education settings working with children and young people" (Dec 2020) will be used to guide the Trust's response on a case by case basis.
The key points for staff being:-
- Report immediately to the DSL
- Never view, copy, print, share, store or save the imagery, or ask a child to share or download – this is illegal.
- If they have already viewed the imagery by accident (e.g. if a young person has showed it to you before you could ask them not to), report this to the DSL (or equivalent) and seek support.
- Do not delete the imagery or ask the young person to delete it.
- Do not ask the student/students or young person(s) who are involved in the incident to disclose information regarding the imagery. This is the responsibility of the DSL (or equivalent).
- Do not share information about the incident with other members of staff, the young person(s) it involves or their, or other, parents and/or carers.
- Do not say or do anything to blame or shame any young people involved.
- Do explain to them that you need to report it and reassure them that they will receive support and help from the DSL (or equivalent).

5.3.3 Following a report of an incident, the DSL will hold an initial review meeting with appropriate members of staff – this may include the staff member who reported the incident and other colleagues trained in safeguarding. This meeting will consider the initial evidence and aim to determine:
- whether there is an immediate risk to student(s)
- if a referral needs to be made to the police and/or student's social care
- if it is necessary to view the image(s) in order to safeguard the young person (in most cases, images or videos should not be viewed)
- what further information is required to decide on the best response
- whether the image(s) has been shared widely and via what services and/or platforms (this may be unknown)
- whether immediate action should be taken to delete or remove images or videos from devices or online services
- any relevant facts about the students involved which would influence risk assessment
- if there is a need to contact another, college, setting or individual
- whether to contact parents or carers of the students involved (in most cases parents/carers will be involved)

The DSL will make an immediate referral to police and/or student's social care if:
- the incident involves an adult
- there is reason to believe that a young person has been coerced, blackmailed or groomed, or if there are concerns about their capacity to consent (for example owing to special educational needs)
- what the DSL knows about the images or videos suggests the content depicts sexual acts which are unusual for the young person's developmental stage, or are violent
- the imagery involves sexual acts and any student in the images or videos is under 13
- the DSL has reason to believe a student is at immediate risk of harm owing to the sharing of nudes and semi-nudes (for example, the young person is presenting as suicidal or self-harming)

If none of the above apply then the DSL, in consultation with the Headteacher and other members of staff as appropriate, may decide to respond to the incident without involving the police or children's social care. The decision will be made and recorded in line with the procedures set out in this policy.

5.3.4 If at the initial review stage a decision has been made not to refer to police and/or children's social care, the DSL will conduct a further review to establish the facts and assess the risks.
They will hold interviews with the students involved (if appropriate).
If at any point in the process there is a concern that a student has been harmed or is at risk of harm, a referral will be made to children's social care and/or the police immediately.

The DSL will inform parents/carers at an early stage and keep them involved in the process, unless there is a good reason to believe that involving them would put the student at risk of harm.

If it is necessary to refer an incident to the police, this will be done through the police community support officer or, in more urgent cases, by calling 101.

5.4   **Sexual violence and sexual harassment** – Sexual violence refers to sexual offences as described under the Sexual Offences Act 2003 including rape and sexual assault. Sexual harassment is 'unwanted conduct of a sexual nature' that can occur online and offline and may include sexual name-calling, taunting or "jokes" and physical behaviour, for example, deliberately brushing against someone or interfering with clothes. 'Upskirting' is also a criminal offence (under the Voyeurism (Offences) Act 2019) and typically involves taking a picture under a person's clothing (not necessarily a skirt) without them knowing, in order to obtain sexual gratification or to cause humiliation, distress or alarm (anyone of any gender can be a victim). Evidence shows that girls, students with SEND and LGBT students are more likely to be the victims of sexual violence and harassment and boys are more likely to be the perpetrators. However, sexual violence and sexual harassment can occur between students of any gender and any age.

Curriculum
- Planned PHSE and Relationships, Sex and Health Education will include personal privacy, respect and consent so that students will have a better understanding of how to behave towards their peers including online. This will be taught alongside other safeguarding issues as set out in the DfE statutory guidance "Relationships Education, Relationships and Sex Education (RSE) and Health Education" . This will be appropriate to students' age and stage of development. It will also be underpinned by the College's behaviour policy and pastoral support system.

Responding to an incident
- The Trust will follow the DfE guidance, 'Sexual violence and sexual harassment between students in schools and colleges', September   2021.
- Relevant staff will liaise with the police, social care and parents as appropriate.
- Support will be offered to both the alleged victim(s) and child(ren) accused. Parents and carers will be included in discussions about the format that this support will take.

5.5   **Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)** are forms of abuse and both occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into sexual or criminal activity. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, sexual identity, cognitive ability, physical strength, status, and access to economic or other resources. In some cases, the abuse will be in exchange for something the victim needs or wants and/or will be to the financial benefit or other advantage (such as increased status) of the perpetrator or facilitator. CSE and CCE can affect both males and females and can include students who have been moved (trafficked) for the purpose of exploitation. The abuse can be perpetrated by individuals or groups, males or females, and students or adults. The abuse can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse. It can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence. Victims can be exploited even when activity appears consensual and it should be noted - exploitation, as well as being physical, can be facilitated and/or take place online. CSE can include 16 and 17 year olds who can legally consent to sex but they may not realise they are being exploited eg they believe they are in a genuine romantic relationship. A significant number of students who are victims of sexual exploitation go missing from home, care and education at some point or are targeted by criminals involved in the illegal supply of drugs (County Lines) and serious violent crime. 'County Lines' involves drug

networks or individuals exploiting students and young people into carrying drugs and money between cities, towns and villages. Serious violent crime can be associated with this form of criminal activity together with child sexual exploitation. Students may also be exploited into committing cybercrime or money laundering offences and organised criminal groups or individuals may exploit students and young people with enhanced computer skills to access digital networks and/or data for criminal and financial gain. Students with bank accounts may be persuaded to allow criminals to use their banking facilities to launder money. CCE can also involve working in cannabis factories, shoplifting or pickpocketing and may involve coercing students to commit vehicle crime or serious violence towards others. It is important to note that the experience of girls can be very different to that of boys but girls are also at risk. Criminal exploitation of students is a form of harm that can affect students in both a physical environment and online. Staff training includes raising awareness of these issues and any concerns are passed to the Designated Safeguarding Lead who will make a risk assessment and refer to Local Authority First Response Children's Duty if appropriate.

5.6 **Serious violence** – is associated with a number of risk indicators in students including increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in wellbeing, signs of assault or unexplained injuries. Staff will be made aware of these and of the other risk factors which increase the likelihood of involvement in serious violence, including, being male, having been frequently absent or permanently excluded from school, having experienced child maltreatment and having been involved in offending such as theft or robbery. Staff training will raise awareness to these risks and any concerns will be passed to the Designated Safeguarding Lead to co-ordinate a safeguarding response.

5.7 **So-called 'honour-based' abuse** - encompasses crimes which have been committed to protect or defend the so-called "honour" of the family and/or the community, including Female Genital Mutilation (FGM) (see appendix 6), forced marriage, and practices such as breast ironing. All forms of so called Honour Based Abuse are abuse (regardless of the motivation) and concerns will be passed to the Designated Safeguarding Lead for onward referral as required.

5.8 **Modern slavery and human trafficking** – can take on many forms, including sexual exploitation, forced labour, slavery, servitude, forced criminality and the removal of organs. Students may be trafficked into the UK from abroad or moved around the country. Staff need to be aware of indicators which include, but not limited to, neglect, isolation, poor living conditions, having few personal belongings and a lack of trust and reluctance to seek help. Staff will refer any concerns to the DSL without delay who will take action and also refer victims to the National Referral Mechanism (www.gov.uk).

5.9 **Private fostering arrangements** - Where a young person with a disability is living with someone who is not their family or a close relative for 28 days or more, staff inform the Designated Safeguarding Lead so that a referral to Children's Social Care for a safety check, can be made. (A close relative includes step-parent, grandparents, uncle, aunt or sibling).

5.10 **Students with a social worker** - Students may need a social worker due to safeguarding or welfare needs. We recognise that a child's experiences of adversity and trauma can leave them vulnerable to further harm as well as potentially creating barriers to attendance, learning, behaviour and mental health. The DSL and all members of staff will work with and support social workers to help protect vulnerable young people. Where we are aware that a student has a social

worker, the DSL will always consider this fact to ensure any decisions are made in the best interests of the student's safety, welfare and educational outcomes. For example, it will inform decisions about:

- responding to unauthorised absence or missing education where there are known safeguarding risks
- the provision of pastoral and/or academic support.

5.11   **Looked-after and previously looked-after children** - We will ensure that staff have the skills, knowledge and understanding to keep looked-after children and previously looked-after children safe. In particular, we will ensure that:

- appropriate staff have relevant information about children's looked after legal status, contact arrangements with birth parents or those with parental responsibility, and care arrangements
- the DSL has details of student's social workers and relevant virtual school heads
- we have appointed a designated teacher, Mark Billingham, who is responsible for promoting the educational achievement of looked-after children and previously looked-after children in line with statutory guidance
- the designated teacher is appropriately trained and has the relevant qualifications and experience to perform the role.

As part of their role, the designated teacher will:

- ensure that any safeguarding concerns regarding looked-after and previously looked-after children are quickly and effectively responded to
- work with virtual school heads to promote the educational achievement of looked-after and previously looked-after children, including discussing how pupil premium plus funding can be best used to support looked-after children and meet the needs identified in their personal education plans.

5.12   **Non-collection of young people**

If a child is not collected at the end of the session/day when they normally would be, we will:

- telephone the parent or carer listed to confirm the child is allowed to go home by themselves
- if the parent or carer cannot be contacted, we will telephone other people listed as contacts either to get their permission to send the child home or arrange for them to be collected
- before sending a child home, we will check they have a means of getting into their house or are going somewhere there is someone to let them in – otherwise they will need to stay and be collected
- in extreme circumstances, a child can be escorted or driven home by two members of staff (staff will need to necessary car insurance if driving the child).

5.13   **Missing Students**

If a student is absent from school but we have no message from a parent or carer to explain why, then contact will be made with the parent/carer on the first day of absence. Where the child constitutes a safeguarding concern and the parent/carer cannot be contacted, members of the pastoral team will be despatched to do a home visit.

If a student is missing, we will:

- do and administration check to make sure the student has not legitimately signed out, or is in an appointment elsewhere in the College
- telephone the student using their mobile number which should be on record – if contact is made, the member of staff will make a judgement as to whether the student is safe or not, and call parents/carers where they are not convinced this is the case
- if the student cannot be contacted or located within 20-30 minutes of being reported missing, contact will be made with parents/carers to see if they have been in contact with them or to ask the parent/carer to try to contact them if not
- staff 'on duty' will continue to try to locate the student if the they have not made contact with the parent/carer, or if we cannot get hold of the parent/carer
- if we fail to locate the student, the parents/carers should be advised to consider calling the police if it is not obvious where their child could be
- we will make contact with the police if we fail to locate the student and cannot get hold of any of their contacts.

5.14   Complaints or concerns raised by parents or students will be taken seriously and followed up in accordance with the Trust's complaints process.

5.15   **Support for Staff**

As part of their duty to safeguard and promote the welfare of students and young people staff may hear information, either from the child/young person as part of a disclosure or from another adult, that will be upsetting. Where a member of staff is distressed as a result of dealing with a child protection concern, he/she should in the first instance speak to the Designated Safeguarding Lead about the support they require. The Designated Safeguarding Lead should seek to arrange the necessary support.

6   Working with parents/carers

The Trust will:

- Ensure that parents/carers have an understanding of the responsibility placed on the College and staff for child protection by setting out its obligations in the Trust's media.

- Undertake appropriate discussion with parents/carers and seek necessary consent prior to involvement of Children & Family Services (Children's Social Care) or another agency, unless to do so would place the child at risk of harm or compromise an investigation.

7   Other Relevant Policies

7.1   The Governing Body's statutory responsibility for safeguarding the welfare of young people goes beyond simply child protection. The duty is to ensure that safeguarding permeates all activity and functions. This policy therefore complements and supports a range of other policies, for instance:

- Student Behaviour Policy
- Staff Code of Conduct ("Guidance for Safer working practice")

- Anti-Bullying (including Cyberbullying)
- Physical Interventions/Restraint (DfE Guidances "Use of Reasonable Force" and "Screening, searching and confiscation")
- Special Educational Needs and Disability
- First aid and the administration of medicines
- Health and Safety
- Relationships and Sex Education
- Equal Opportunities
- E-safety

The above list is not exhaustive but when undertaking development or planning of any kind the Trust will consider the implications for safeguarding and promoting the welfare of young people.

8   Recruitment and Selection of Staff (also see the Safer Recruitment policy)

8.1   The Trust's safer recruitment processes follow the statutory guidance: "*Keeping children safe in education, Part Three: Safer recruitment*."

8.2   The Trust will provide all the relevant information in references for a member of staff about whom there have been safeguarding concerns i.e. about child protection / inappropriate conduct. Cases in which the conclusion of an allegation has been unsubstantiated, unfounded, false or malicious will not be included in employer references. A history of repeated safeguarding concerns or allegations which have all been found to be unsubstantiated, malicious etc. will also not be included in a reference.

8.3   The Trust has an open safeguarding ethos regularly addressing safeguarding responsibilities during staff meetings and fostering an ongoing culture of vigilance. All new staff and volunteers receive a safeguarding induction and are briefed on the code of conduct for adults working with students.

8.4   In line with statutory requirements, every recruitment process for Trust staff will have at least one member (teacher/manager or governor) who has undertaken safer recruitment training.

8.5   Staff and volunteers who provide early years or later years childcare and any managers of such childcare are covered by the disqualification regulations of the Childcare Act 2006 and are required to declare relevant information - see statutory guidance: Disqualification under the Childcare Act 2006 (last updated August 2018).

APPENDIX 1

PROCEDURE TO FOLLOW IN CASES OF POSSIBLE, ALLEGED OR SUSPECTED ABUSE, OR SERIOUS CAUSE FOR CONCERN ABOUT A CHILD

Contents

A	General	
B	Individual Staff/Volunteers/Other Adults - main procedural steps	
C	Designated Safeguarding Lead – main procedural steps	

A. General

1) The Leicestershire and Rutland Safeguarding Children Partnership Procedures and Leicester Safeguarding Children Partnership Board contain the inter-agency processes, protocols and expectations for safeguarding children.   Available on the website www.lrsb.org.uk and www.lcitylscb.org respectively, The Designated Safeguarding Lead is expected to be familiar with these, particularly the indicators of abuse and neglect and the referral processes.

2) It is important that all parties act swiftly and avoid delays.

3) Any person may seek advice and guidance from the First Response Children's Duty Professionals Consultation Line (Leics) or One Front Door (City), particularly if there is doubt about how to proceed. Any adult, whatever their role, can take action in his/her own right to ensure that an allegation or concern is investigated and can report to the investigating agencies.

4) A record, dated (including the day and time) and signed, must be made as to what has been alleged, noticed and reported, and kept securely and confidentially.

5) In many cases of concern there will be an expectation that there have already been positive steps taken to work with parents and relevant parties to help alleviate the concerns and effect an improvement for the child. This is appropriate where it is thought a young person may be in need in some way, and require assessment to see whether additional support and services are required. An example might be where it is suspected a young person may be the subject of neglect. In most cases the parents' knowledge and consent to the referral are expected, unless there is reason for this not being in the young person's interest. However, there will be circumstances when informing the parent/carer of a referral might put the young person at risk and/or undermine Police enquiries, and in individual cases, advice from Children's Social Care will need to be taken.

B. Individual Staff/Volunteers/Other Adults – main procedural steps

1) When a young person makes a disclosure, or when concerns are received from other sources, <u>do not</u> investigate, ask leading questions, examine students, or promise confidentiality. Young people making disclosures should be reassured and if possible at this stage should be informed what action will be taken next.

2) As soon as possible make a dated (including the day), timed and signed record of what has been disclosed or noticed, said or done and report to the Designated Safeguarding Lead in the Trust.

3) If the concern involves the conduct of a member of staff or volunteer, a visitor, a governor, a trainee or another young person or child, the Headteacher must be informed.

4) If the safeguarding concern or allegation is about the Headteacher, the information should be passed to the Executive Headteacher. If the concern is about the Executive Headteacher this should be passed to the Chair of Trustess or, failing that, to the Local Authority Allegations Manager (LADO).

5) If this has not already been done, inform the young person (or other party who has raised the concern) what action you have taken.

C.   Designated Safeguarding Lead – main procedural steps

1) Begin an individual case file for each child involved which will hold a record of communications and actions to be stored securely (see section on Records, Monitoring and Transfer). Include a chronology of case activity.

2) Where initial enquiries do not justify a referral to the investigating agencies, inform the initiating adult and monitor the situation. If in doubt, seek advice from the First Response professionals consultation line.

3) Share information confidentially with those who need to know.

4) Where there is a child protection concern requiring immediate, same day, intervention from Children's Social Care, the First Response Children's Duty should be contacted by phone (contact the local authority Children's Services where the young person lives). Written confirmation should be made within 24 hours on the Multi-Agency Referral Form to Children's Social Care. All other referrals should be made using the online form (see link http://lrsb.org.uk/childreport).

5) If the concern is about young people using harmful sexual behaviour, also refer to the separate guidance, "Guidance for schools working with children who display harmful sexual behaviour" (Leicestershire LA Guidance).

6) If it appears that urgent medical attention is required arrange for the child to be taken to hospital (normally this means calling an ambulance) accompanied by a member of staff who must inform medical staff that non-accidental injury is suspected. Parents/carers must be informed that the child has been taken to hospital.

7) Exceptional circumstances: If it is feared that the young person might be at immediate risk on leaving school, take advice from the First Response Professionals Consultation line (for instance about difficulties if the school day has ended, or on whether to contact the police). Remain with the young person until the Social Worker takes responsibility. If in these circumstances a parent arrives to collect the young person, the member of staff has no right to withhold the young person, unless there are current legal restrictions in force (eg a restraining order). If there are clear signs of physical risk or threat, First Response Children's Duty should be updated and the Police should be contacted immediately.

APPENDIX 2

PROCESS FOR DEALING WITH SAFEGUARDING CONCERNS OR ALLEGATIONS AGAINST STAFF (INCLUDING HEADTEACHERS), SUPPLY TEACHERS, VOLUNTEERS AND CONTRACTORS

These procedures should be followed in all cases in which there is an allegation or safeguarding concern that a person working with young people has:

- behaved in a way that has harmed a child, or may have harmed a child;
- possibly committed a criminal offence against or related to a child;
- behaved towards a child or young people in a way that indicates he or she would pose a risk of harm to young people; or
- behaved or may have behaved in a way that indicates they may not be suitable to work with young people.

There is also a school "Low-level concerns policy" which should be followed if the concern does not meet the allegations threshold above or is not considered serious enough to make a referral to the LADO.

Relevant documents:

- DfE "Keeping children safe in education: Statutory guidance for schools and colleges" (part 4: Allegations made against/concerns raised in relation to teachers, including supply teachers, other staff, volunteers and contractors)

1) Individual Staff/Volunteers/Other Adults who receive the allegation:

   i.   Write and sign a dated and timed note of what has been disclosed or noticed, said or done.

  ii.   Pass on the written record.

 iii.   If the allegation or safeguarding concern is about the conduct of the Headteacher, report immediately to the Executive Headteacher. Pass on the written record.

    iv. If the allegation of safeguarding concern is about the conduct of the Executive Headteacher then pass to the Chair of Trustees. (If there is difficulty reporting to the Chair, contact the Allegations Manager (LADO), Safeguarding and Performance Unit as soon as possible.)

2) Headteacher and Executive Headteacher (or Chair of Trustees)

   i.   If there is no written record, write and sign a dated and timed note of what has been disclosed or noticed, said or done.

  ii.   Before taking further action notify and seek advice from the Allegations Manager (LADO), Safeguarding and Improvement Unit on the same day.

 iii.   You may be asked to clarify details or the circumstances of the allegation, but this must not amount to an investigation at this stage.

iv.   Report to First Response Children's Duty if the Allegations Manager (LADO) so advises or if circumstances require a referral concerning a child.

v.   Ongoing involvement in cases:

- Liaison with the Allegations Manager (LADO)
- Co-operation with the investigating agency's enquiries as appropriate (including working closely with the employment agency in the case of supply teachers).
- Consideration of employment issues and possible disciplinary action where the investigating agencies take no further action.
- Possible referral to the DBS or The Teaching Regulation Agency, depending on the outcome.

APPENDIX 3

Low-level Concerns Policy

1.0   Purpose
1.1   This policy sets out a framework whereby staff are expected to report concerns, no matter how small, about their own behaviour or that of another member of staff, volunteer, supply teacher, contractor or other person working in the Trust. Its purpose is to help create and embed a culture of openness, trust and transparency in which the clear values and expected behaviour set out in the "Guidance for safer working practice for those working with children and young people in education settings" (May 2019) (sometimes called the safeguarding code of conduct) are lived, monitored, and reinforced.
1.2   The policy should be read in conjunction with the current statutory guidance – "Keeping Children Safe in Education" Part 4, Section 2.

2.0   Who does the policy apply to?
2.1   This policy applies to all staff and other individuals who work or volunteer in the Trust.

3.0   Definition of a low-level concern
3.1   A low-level concern is any concern, no matter how small, even if no more than causing a sense of unease or a 'nagging doubt', that a person working in or on behalf of the the Trust may have acted in a way that:
   • is inconsistent with the "Guidance for safer working practice" (May 2019), including inappropriate conduct outside of work, and
   • does not meet the allegations threshold or is otherwise not considered serious enough to make a referral to the LADO.

4.0   Reporting low-level concerns
4.1   Where a low-level concern has been identified this will be reported as soon as possible to the Headteacher. However, it is never too late to share a low-level concern if this has not already happened.
4.2   Where the Headteacher is not available, the information will be reported to the Designated Safeguarding Lead or Deputy (i.e. the most senior member of SLT acting in this role).
4.3   Low-level concerns about the Designated Safeguarding Lead will be reported to the Headteacher and those about the Headteacher will be reported to the Executive Headteacher and those about the Executive Headteacher to the Chair of Trustees.
4.4   Where the low-level concern has been reported to the Designated Safeguarding Lead, they will inform the Headteacher of the details as soon as possible.

5.0   Recording concerns
5.1   A summary of the low-level concern should be written down, signed, timed, dated and shared by the person bringing the information forward.
5.2   Where concerns are reported verbally to the Headteacher a record of the conversation will be made by the Headteacher which will be signed, timed, and dated.

6.0   Responding to low-level concerns
6.1   Where a low-level concern has been raised this will be taken seriously and dealt with promptly. The Headteacher will:

- Speak to the person reporting the concern to gather all the relevant information.
- Speak to the individual about the concern raised to ascertain their response, unless advised not to do so by the LADO or Police (HR advice may also need to be taken).
- Where necessary further investigation will be carried out to gather all relevant information. This may involve speaking to any potential witnesses.
- The information reported and gathered will then be reviewed to determine whether the behaviour,

    i) is consistent with the "Guidance for safer working practice for those working with children and young people in education settings" (May 2019): no further action will be required,
    ii) constitutes a low-level concern: no further action is required, or additional training/guidance/support may be required to rectify the behaviour via normal day to day management processes. The employee should understand that failure to improve or a repeat of the behaviour may lead to further action being taken, e.g. either via the Performance Management Policy or Disciplinary Policy.
    iii) is serious enough to consult with or refer to the LADO: a referral should be made to the LADO and advice taken from HR. In this case the Trust's Managing Allegations procedure within the Safeguarding Policy and Disciplinary Policy will be followed.
    iv) when considered with any other low-level concerns that have previously been raised about the same individual, should be reclassified as an allegation and referred to the LADO or Police: a referral should be made to the LADO and advice taken from HR. In this case the Trust's Managing Allegations procedure within the Safeguarding Policy and Disciplinary Policy will be followed.

- Records will be made of, i) all internal conversations including any relevant witnesses, ii) all external conversations e.g. with the LADO iii) the decision and the rationale for it, iv) any action taken

7.0   Can the reporting person remain anonymous?
7.1   The person bringing forward the concern will be named in the written record. Where they request to remain anonymous this will be respected as far as possible. However, there may be circumstances where this is not possible e.g. where a fair disciplinary investigation is needed or where a later criminal investigation is required.

8.0   Should staff report concerns about themselves (i.e. self-report)?
8.1   It may be the case that a person finds themselves in a situation which could be misinterpreted, or might appear compromising to others; or they may have behaved in a manner which on reflection they consider falls below the standard set out in the "Guidance for safer working practice". In these circumstances they should self-report. This will enable a potentially difficult situation to be addressed at an early opportunity if necessary.

9.0   Where behaviour is consistent with the "Guidance for safer working practice" (May 2019)
9.1   Feedback will be given to both parties to explain why the behaviour was consistent with the "Guidance for safer working practice".

10.0   Should the low-level concerns file be reviewed?

10.1 The records will be reviewed periodically, and whenever a new low-level concern is added, so that potential patterns of concerning, problematic or inappropriate behaviour can be identified and referred to the LADO if required. A record of these reviews will be retained.

11.0 References

11.1 Low-level concerns will not be included in references unless a low-level concern, or group of concerns, has met the threshold for referral to the LADO and found to be substantiated.

12.0 What is the role of the Board of Trustees?

12.1 The Headteacher will regularly inform the Board of Trustees about the implementation of the low-level concerns policy including any evidence of its effectiveness e.g. with relevant data. The Safeguarding link may also review an anonymised sample to ensure that these concerns have been handled appropriately.

APPENDIX 4

Policy for the use of Cameras and Mobile Phones

To ensure the safety and welfare of the students in our care this policy outlines the protocol for the use of personal mobile phones and cameras in the Academy.

All staff must ensure that their mobile phones, personal cameras and recording devices are stored securely during working hours on Trust premises or when on outings. (This includes visitors, volunteers and students).

It is our strong guidance that Trust equipment should be used to record classroom activities. Photos should be put on the Trust system as soon as possible and not sent to or kept on personal devices but where this does happen, activities should be open and in line with safeguarding procedures.

During school outings nominated staff will have access to a school mobile which can be used for emergency or contact purposes

Parents or carers are permitted to take photographs of their own children during a Trust production or event. The Trust protocol requires that photos of other people's children are not published on social networking sites such as Facebook.

APPENDIX 5

Safeguarding students who are vulnerable to extremism and radicalisation
Our Trust recognises the duties placed on us by the Counter Terrorism Bill (July 2015) to prevent our students being drawn into terrorism.
These include:
- Assessing the risk of students being drawn into terrorism (see Appendix 5)
- Working in partnership with relevant agencies (including making referrals) under the Safeguarding Children Partnership procedures
- Appropriate staff training
- Appropriate online filtering

Our Trust is committed to actively promoting the fundamental British values of democracy, the rule of law, individual liberty and mutual respect and tolerance of those with different faiths and beliefs. The students are encouraged to develop and demonstrate skills and attitudes that will allow them to participate fully in and contribute positively to life in modern Britain.

There is a current threat from terrorism in the UK and this can include the exploitation of vulnerable young people, aiming to involve them in terrorism or to be active in supporting terrorism.

Our Trust seeks to protect students and young people against the messages of all violent extremism including but not restricted to those linked to Islamist Ideology, Far Right / Neo Nazi / White Supremacist ideology etc.

If a child is not suffering or likely to suffer from harm, or in immediate danger, where possible speak to the Single Point of Contact (SPOC) first to agree a course of action.

If in exceptional circumstances the SPOC is not available, this should not delay appropriate action being taken. Speak to an ASL and/or seek advice from local authority children's social care. Make a referral to local authority children's social care directly, if appropriate (see 'Referral' above). Inform the DSL as soon as practically possible after the referral.

Where there is a concern, the SPOC will consider the level of risk and decide which agency to make a referral to. This could include Channel, the government's programme for identifying and supporting individuals at risk of being drawn into terrorism, or the local authority children's social care team.

The Department for Education also has a dedicated telephone helpline, 020 7340 7264, which Trust staff and Trustees can call to raise concerns about extremism with respect to a student. You can also email counter.extremism@education.gov.uk. Note that this is not for use in emergency situations.

In an emergency, call 999 or the confidential anti-terrorist hotline on 0800 789 321 if you:
- think someone is in immediate danger
- think someone may be planning to travel to join an extremist group
- see or hear something that may be terrorist-related.

APPENDIX 6

Radicalisation and Extremism Risk Assessment

School…………………………………………………………..….

	Yes/No	Evidence
Does the school have a policy?		
Does the school work with outside agencies on radicalisation and extremism e.g. Channel?		
Have staff received appropriate training?		
Has the school got a trained Prevent lead?		
Do staff know who to discuss concerns with? (DSL)		
Is suitable filtering of the internet in place?		
Do students know who to talk to about their concerns?		
Are there opportunities for students to learn about radicalisation and extremism?		
Have any cases been reported?		
Are individual students risk assessed?		
What factors make the school community potentially vulnerable to being radicalised? (e.g. EDL local base, extreme religious views promoted locally, tensions between local communities, promotion of radical websites by some students/parents)		
Comment on the school's community, locality and relevant history		
Risk	**Low**	Way Forward

evaluation	**Medium** **High**	

Date completed…………………………………….. Signed…………………………………………

APPENDIX 7

Female Genital Mutilation

Section 5B of the Female Genital Mutilation Act 2003 and section 74 of the Serious Crime Act 2015 places a mandatory duty on teachers along with social workers and healthcare professionals to report to the police where they discover that FGM appears to have been carried out on a girl under 18 or where a girl discloses that she has undergone FGM. The Trust's response to FGM will take into account the government guidance, "Multi-agency statutory guidance on female genital mutilation" updated October 2018. Staff will also follow the established safeguarding procedure by reporting any such concerns to the Designated Safeguarding Lead and a report must also be made to the Police.

There will be a considered safeguarding response towards any girl who is identified as being at risk of FGM (e.g. there is a known history of practising FGM in her family, community or country of origin) which may include sensitive conversations with the girl and her family, sharing information with professionals from other agencies and/or making a referral to Children's Social Care. If the risk of harm is imminent there are a number of emergency measures that can be taken including police protection, an FGM protection order and an Emergency Protection Order.

APPENDIX 8

Indicators of abuse and neglect

Abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap with one another.

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on students. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing students frequently to feel frightened or in danger, or the exploitation or corruption of students. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving students in looking at, or in the production of, sexual images, watching sexual activities, encouraging students to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue in education.

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.
